Dear Supporter:

The Society for the Analysis of African American Public Health Issues (SAAPHI) was founded in 1991 as a related organization of the American Public Health Association (APHA). SAAPHI is a nonprofit national public health organization comprised of researchers, physicians, students, career professionals, and health advocates dedicated to improving the overall health of African Americans. SAAPHI promotes and utilizes research to inform scientific knowledge, program development and policy decisions, advocates for appropriate public policies for health promotion and disease prevention among African Americans, and facilitates professional development, social welfare and leadership skills among its members.
